Addressing the Need for Speed

Have you done your part? It's not too late to let Google know that

“OAK LAWN IS READY TO THINK BIG WITH A GIG”

If you have not heard by now, the Village of Oak Lawn in conjunction with Advocate Christ Medical Center is submitting an application to Google Corporation to bring a 1 Gigabit network to Oak Lawn. The ability to transmit data 100 times faster than what is currently available now would have an immense and positive impact on your home and our community. Go to www.oaklawn-il.gov to learn more about this project. The Village is asking all residents to help assist us in bringing this network to Oak Lawn. The deadline is March 24. Here is how you can help:

- Go to the Village website at www.oaklawn-il.gov and nominate Oak Lawn.
- Join Oak Lawn's "The Need for Speed" Facebook group in support.
- Make a YouTube video in support of our Village's application. Tell Google why you have the "Need for Speed". You can upload it to the Facebook page or your Twitter support or you can e-mail the video to OLEMAinto@oaklawn-il.gov and we will upload it for you.

**Our Children, Our Government -
a partnership for the future**

"Our Children, Our Government - a partnership for the future" is a program initiated by Mayor Heilmann several years ago. Children from our community are elected by the principals of their school to participate in a morning of education at the Village Hall. The eighth grade students spend time with the Mayor, Clerk, Village Manager, Fire and Police Chiefs, and the 911 Emergency Communications Director to get a first hand view of how their Village Government operates on a day to day basis. On Friday, February 19, students from St. Gerald School visited the Village Hall and here is what one of the students had to say.

"Dear Mayor Heilmann,

Thank you for inviting me to participate in Oak Lawn's "Our Children, Our Government" on Friday, February 19th.

It was an honor to meet you and some of the other village officials. It was very interesting to see my local government at work.

I was able to see first hand our 911-call center and our "lock up". I also enjoyed speaking with our village manager, Mr. Larry Deetjen.

Touring our village hall and the various departments really showed me how much our local government does for our community everyday.

Again, Thank you for inviting me to spend the day observing our government in action.

Sincerely,

David Sinickas"
